NUMBER 39.

And Now Ft. Worth Frontier

Perhaps by this time every Texan has heard of the Fort Worth Frontier, and besides that there has been perhaps 150,000 persons to pass through the "Pioneer Gate."

Editors of four states, as many of you have also noted, were guests of the Frontier Management, by special invitation of Chairman Amos G. Carter, of the Fort Worth Star-Telegram, got an inside peep at the big and very unusual show the night before it was opened. That was last Friday night, and what a crowd of "pencil pushers," it looked like everybody had joined the newspaper fraternity, and were down at Fort Worth to get all those gratis entrances into the Casa Manana, the Last Frontier and the Jumbo Circus.

Amos Carter, not only invited the press to SEE but to EAT. A very attractive plate and all that goes with it, plus 300 attendants, who did themselves "grand" in the big dinner, just preceding the opening of the Musical Review, Casa Manana.

There is no need for us to try to give a description of either Casa Manana, or the Last Frontier, they are of such magnitude, so glamorous, so unusual, so unique, and every moment is a surprise, it is not

even appropriate to express in words how "different" the Fort Worth Centennial really is. Due credit for the Fort Worth Show goes to Amos Carter, and from him to the genius, Billy Rose and his assistants who conceived and brought this typical Western Show to our "frontier." It is hardly possible for a party to see the "Frontier" all in one visit. It takes at least four hours to see the Casa Manana and the Last Frontier. Then there is the Jumbo Musicalized Circus—we do not know what that looks like, but it is said to be as surprising in attraction and grandeur as the other two big features.

There is not much Rodeo there. The color of the dress show is perhaps the outstanding feature. Dresses range all the way from 186 yards, to just silver slippers. Sally Rand holds much attention, because down here in Texas she is a kind of hero—while up in Chicago, they wanted to put her out of business. But there is nothing in Fort Worth more daring than in Dallas, so as Texans—go, see what pleases most and forget that part not to your liking.

We certainly believe everybody in Texas should see the Fort Worth Frontier.

SINGING CONVENTION

The Jones County Northside Singing Convention convenes in the Bethel Baptist Church, six miles East of Anson, Sunday, July the 26th. We are expecting a good number of visiting singers. Everybody is invited to be present. Take your lunch. Session starts promptly at 10:30 A. M.

MARTIN WESTBROOK, Pres.

Mr. and Mrs. W. A. Huling, of Corpus Christi, arrived Sunday for a visit in the Hamlin country. They accompanied their children home after a visit in South Texas. They were Mr. and Mrs. O. W. Rush and baby, Mr. and Mrs. Van Huling and children, Mrs. Lenice Phillips and daughter of Stamford, and Ray Huling. They come up by Robeline, La., to visit a daughter, Mrs. Leo Smith.

FRED O JAY TALKED TUESDAY

Not many Hamlin people know who Fred O. Jay is, where he is from or why he should be speaking in Hamlin.

Since his talk on the street in Hamlin Tuesday afternoon, there are many men and women fully acquainted with Jay's purposes and ambitions.

Fred O. Jay is a candidate for Congress in this, the 17th District, and is from De Leon, Texas. He is known as the Townsend Plan candidate, and not many people in this community had ever heard much of the Townsend Plan until Mr. Jay spoke. A few knew he was coming and through curiosity made arrangements to hear him. They heard, they listened, they stayed and kept listening. Fred O. Jay made one of the most interesting talks on government and economics in Hamlin Tuesday that ever has been heard here, perhaps.

Fred O. Jay has an attractive voice, an humble bearing, and a strong force of statements, that no one doubts or quibbles over. Fred O. Jay should be ranked as an orator. We take it that he is just a common lawyer of De Leon, and his main object is to educate the people on government especially the so-called Townsend Plan of distributing the money of the nation, through some medium where it will do the most good, and he thinks that is through the men and women over 60 years of age.

Mr. Jay's statements were plain and forceful, and he held the unusual hot summer afternoon crowd on the street spell-bound for more than an hour. Never before did any speaker, candidate or whatnot receive such close attention. No noise, no scurrying here and there, just a bunch of farmers, salesmen, laborers, old men and all listened and listened.

Mr. Jay hardly mentioned the fact that he would like to be sent to Congress, but finally led up to the question as to who to vote for for congress. He took much of his time in teaching what condition the nation was in, in 1913, 1919, and 1929. He charged and gave figures to show that the Federal Reserve Board and Congressional acts giving them undue power was the main factor that caused our depression, starting in 1929.

In support of his contentions, he cited that in 1929 the banks of the country had out 44 billion dollars in loans and discounts. By the end of 1930 these had dropped to 35 billion; end of 1931 shrunk to 27 billion; 1932 they had dwindled to 22 billions and by August, 1934, the combined total of loans and discounts had gone to 17 billions of dollars. With all this shrinkage, property values also went down, and the blame was placed at the door of the Federal Reserve Board. He said the stream of money was so clogged that banks by the score were forced to quit, and business was ruined. Cotton, cattle, corn and all farm commodities were stagnated on the markets because banks had to stop taking them as collateral on loans, at the demands of the Federal Reserve Banks.

All this talk on finances was heavy to digest by the man on the street, but they took it and expressions on the rugged faced men in Hamlin showed they were at least trying to grasp the thought.

When Jay got to the manner and method of opening up again the pipes to let the money flow, he took up the Townsend Plan. He laid down three things that he said people tell him will result if ever the plan is put into operation: He denied (1) That it would break the Government (2) that the old people could not spend \$200 per month, and (3) that the money could not be raised. The Herald reporter was hearing something new, and we would be glad to give Mr. Jay's solution of the matter, but it is too long.

Let us say here that we all live in a changing age. Human values and social security is bound to be in the fore front in the immediate few years. Americans' ideas are changing so fast. No one can tell what desperation will do, and in our land the majority commands. When and wherever a talk touches human

C. W. NEWSOM HOME

BURNED FRIDAY

Friday night about 10:00 o'clock fire destroyed the C. W. Newsom home on Union Avenue.

Everything was a complete loss. At the time of the fire, Mrs. Newsome was visiting at the home of her daughter in Wichita Falls, and Mr. Newsom was at the Ferguson Theatre. The cause of the fire has not been determined.

The building and the contents were partially covered by insurance.

MR. LEHMAN RETURNING

SOON FROM EUROPE

The Herald had a card from Richard Lehman written aboard Steamship "Stetendam" and postmarked New York, July 19. That means he returned to the U. S. on last Sunday, and perhaps will be in Hamlin right soon.

MEETING STARTS AT SWEDONIA

There will be Revival Services at Swedonia beginning Friday night, July 24, continuing through the following week.

The meeting will be conducted by REV. W. F. RUTHERFORD, of McAllen, Texas.

Come, one and all and enjoy a spiritual revival.

STATE TREASURER

Who says financial conditions in Texas are better than any other State in the Union, and challenges anyone to disprove the correctness of this statement, that his administration of the office of State Treasurer has been during a period of the worst economic depression in the history of the State. Money banks and other institutions have been forced to close their doors, but through it all the State of Texas has not lost a cent of the public funds.

The State Treasury Department is a business and not a political institution. It handles the people's money, and rugged honesty is one of the first qualifications of anyone seeking this important position. He is endeavoring and shall continue to

SPEAKING HERE FRIDAY P. M.

Judge James E. Stinson, accompanied by Thomas L. Blanton Jr., will in Hamlin this Friday at 4:00 o'clock to make a speech in behalf of Hon. Thomas L. Blanton for reelection to congress. This may be the last speechmaking before the voting starts Saturday.

MEETING AT WISE CHAPEL STARTS FRIDAY NIGHT

This is to announce that Rev. R. H. Montgomery of Colorado, Texas, will start a meeting at Wise Chapel Friday night, July 24.

Everyone is invited to attend this meeting.

Mr. and Mrs. M. T. Hudson and daughters, Joyce and Susanne, returned last Friday from a ten days seeing Texas—even going to Louisiana. They saw San Antonio, Austin, the big oil fields (75 miles long and 8 miles wide) then to Dallas for one night in the Centennial. Yes, they are going back to Dallas and Fort Worth.

D. C. Gibson last week dropped a very attractive mountain scenery card into the Ruidoso, New Mexico, office for the Herald man. He seemed to be happy but said he would be back on July 23. icy waters of the mountains only serve to make Hamlin sunshine hotter.

Upon these principles, briefly stated, he again solicits your influence and support at the polls in the primary election of July 25th.

WAS TERRIBLY BLOATED AND COULD NOT EAT WITHOUT GREAT PAIN

"Relieved of Suffering From Bad Headaches
For Last Seven Years," Says Wife of
Prominent Wichita Decorator

SO MANY people are complain-
ing of feeling "worn out" and
"run down." They can't eat nat-
urally—and food ferments in their
stomach and doesn't pass naturally
through the body. Such sufferers
will be greatly interested in the re-
markable testimony of Mrs. Roy E.
Mefford, Route 4, Wichita Falls.
She says:

"For the past seven years I have
been terribly bothered with head-
aches; could not eat many foods
without pain and heartburn. I fre-
quently had sleepless spells after eat-
ing and was short of breath, and I
could not even drink a glass of wa-
ter in the morning without it nau-
seating me.

"I heard of Williams S. L. K.
formula at our druggist's here and
decided to take a bottle. Now I
sleep well and really enjoy eating
anything just the same as if I had
never been bothered in any way.
That awful bloating is gone, and
my headaches have disappeared.
The relief S.L.K. has given me has
been wonderful."

UNUSUAL TRIAL PLAN

If you are suffering, try this re-

ed the second six weeks term. A
few late registrations are expected.

29 wool comforts from home
washed and carded wool batts.

25 clothes closets have been added

96 pieces furniture were refinish-

ed

63 candlewick spreads were made.

1335 pieces of bedding and bed
linens have been added.

The total value of the bedroom de-
monstration was \$2935.05.

Nine bedroom demonstrators of
the Jones county home demonstra-
tion clubs have completed their work
on their bedrooms. The cost of im-
provement varied from \$7.50 to

Clyde L. Garrett

CLYDEL GARRETT

Candidate for CONGRESSMAN, 17th District

EXPOSES Blanton Deceit

1. Mr. Blanton says he knows of 3,000,000 aliens in the United States who are here in violation of the law, but he is unable to have them sent out of the country because a Russian-born New Yorker is chairman of the House Immigration Committee, which has nothing to do with the enforcement of the laws. If Mr. Blanton, who claims to know so much about the rules of the house, will furnish Clyde Garrett the information he has, Judge Garrett will guarantee that the federal district attorneys and the immigration service are furnished with it so they can take the proper steps. No committee chairman can bluff Garrett.
2. Mr. Blanton, who owns property under his wife's name in the District of Columbia, and who is chairman of the sub-committee on district appropriations, filibustered against the passage of a bill to control high rents in the district, where tenants are being gouged by the big landlords. Why?
3. He says Clyde Garrett is incompetent, and yet Clyde Garrett as county judge of Eastland County eight years, covering the period of depression and declining valuations, kept the county on a cash basis, met all bond interest and principal payments without default, and reduced both the county debt and the tax rate. Mr. Blanton was a member of the congress that raised the national debt to the highest figure in history. How can he be more able than Judge Garrett?
4. Mr. Blanton says he got his district a fair share of all AAA money, WPA money, etc. The average cotton farmer in Eastland County in 1935 received \$20 of AAA cotton money. Six or seven big sugar concerns in Hawaii, which had no representative in

congress, got a millions more or less each, of AAA money for not growing sugar cane. Maybe our district would have done better without a representative. Meanwhile, Clyde Garrett and his commissioners court got \$222,955.56 of WPA money for lateral roads, etc.

5. Mr. Blanton says he is working, working, working for his constituents in Washington, trying to save them money, etc. Last summer he went on a costly junket trip, at government expense, to Hawaii. And all during the last session he was so busy chasing communists in the District of Columbia, that Clyde Garrett, as president of the Texas County Judges Association, and some of his brother judges, had to go to Washington to prevail upon the congress to appropriate more needed road money and have the WPA lift restrictions that were keeping many needy people from getting deserved WPA employment. He was successful in both missions, and Blanton now attempts to ridicule him and to claim credit for what he did.
6. Blanton tries to shift the blame for the restriction of the federal old-age pension law on the state, when he knows that the state must follow the federal regulations or get no federal assistance for the old people. The federal law must be liberalized, then it is up to the state to do its part.
7. He "trades" compliments and flattery with other congressmen to be printed in the congressional record and sent to their district to show what valuable men they are in Congress.
8. He uses threats of libel action and retaliation against newspapers and people who dare oppose him in order to intimidate opposition.

MR. VOTER

If you believe in good government and honest, able representation in Congress vote for Clyde L. Garrett. He is not a pugilist; he is a statesman.

Blanton can find nothing in Garrett's record as county judge to criticize, because Clyde Garrett has made an outstanding success in public life. The county judges and commissioners of 254 counties of Texas recognized his ability in making him their president. Previously he served as president of the West Texas association of County Judges. He has reduced Eastland County's debt, met all county obligations without default, lowered taxes, reduced valuations and kept the county on a cash basis all the time. He has been re-elected with constantly increasing majorities. His record speaks for itself.

Clyde L. GARRETT

BELIEVES IN ADEQUATE Federal old-age pensions; a free press and free speech; balanced federal budget attained by cutting out useless expenditures; tariff on foreign oil and farm products; restoration of private enterprise and retirement of federal government from business; closing loopholes in the income tax laws; putting postmasters under the merit system where they can't be dominated by political bosses; restoration of agriculture to a strong and stable basis, etc.

He Is Against

FOREIGN Alliances; issuance of any more tax-exempt securities; federal sales tax of any kind, including the present federal gasoline and lubricating oil tax; federal control of the oil industry, and the use of the free mailing privilege and facilities of the government printing offices to advance the political or personal ambitions of any person. Read His Platform.

(This advertisement paid for by Jones Co. friends of Clyde L. Garrett)

Pension

Misrepresentations

Blanton claims congress appropriated enough money to pay every person 65 years or older a federal pension of \$15 a month provided the state matched that amount. Congress appropriated only \$5,000,000 to match the pensions in ALL the states. If Texas paid every 65 year old person \$30 a month it would take \$60,000,000 to pay the government's share alone. That would leave only \$25,000,000 to pay the pensions in all the other 47 states. The truth is, the federal government will match pensions ONLY for the needy.

DEATH WALKS THE HIGHWAY

The gods of recklessness are devouring thousands of lives each month on American highways—and there is no limit to their appetite.

During the recent Fourth of July week-end, close to 500 people met accidental deaths—the largest number for that period since 1931. Fireworks were responsible for a smaller number of fatalities than usual—but that greatest destroyer of all, the carelessly operated motor car—chalked up a grisly record. And every week-end witnesses similar occurrences. If, in a single disaster such as an earthquake or a fire, as many people were to be killed as have been killed in accidents in the last month, the world would be aghast. But we seem to regard accidents as being inevitable, and look upon them with equanimity.

But the great tragedy is that accidents are not inevitable. Nine out of ten are preventable, and easily preventable. Carelessness, recklessness, ignorance and stupidity are the principal causes of accidental injury and death, and surely they can be cured—through law, through force of public opinion and, perhaps most important of all, through education of the individual.

Death walks the highway. He strides through our homes. He is

an unseen visitor at every place of amusement. He is apt to put in his appearance in the happiest hours. The deaths that follow accidents can be eliminated almost 100 per cent if we will only make a small effort, and learn that a foolish act that saves a minute or provides a brief, futile thrill can send us or others into eternity. No graver problem faces the American people than the accident problem—and its solution is entirely up to the people.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation, and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results." Sold in 25-cent packages.

SEE THE QUEEN

BEE

AT DALLAS EXPO.

DALLAS, Texas, July 21.—You get the low down on bees at the Texas Beekeepers Association exhibit at the Hall of Agriculture at the Texas Centennial Exposition.

A queen is never selected after being born. Her Majesty is chosen while she is still an egg. When the bees elect a queen they pick out an egg and surround it with the sweetest of sweets to appease the royal baby's first appetite.

A queen bee only mates once in

a life time. She spend the remainder of her days laying eggs.

The honeymoon is over when the queen quits the embrace of her drone mate. He dies instantly.

Ladies in waiting push food into Her Majesty's mouth while Her Queenship deposits eggs.

The digestive machinery of a queen is so highly geared that food is almost instantly converted into eggs.

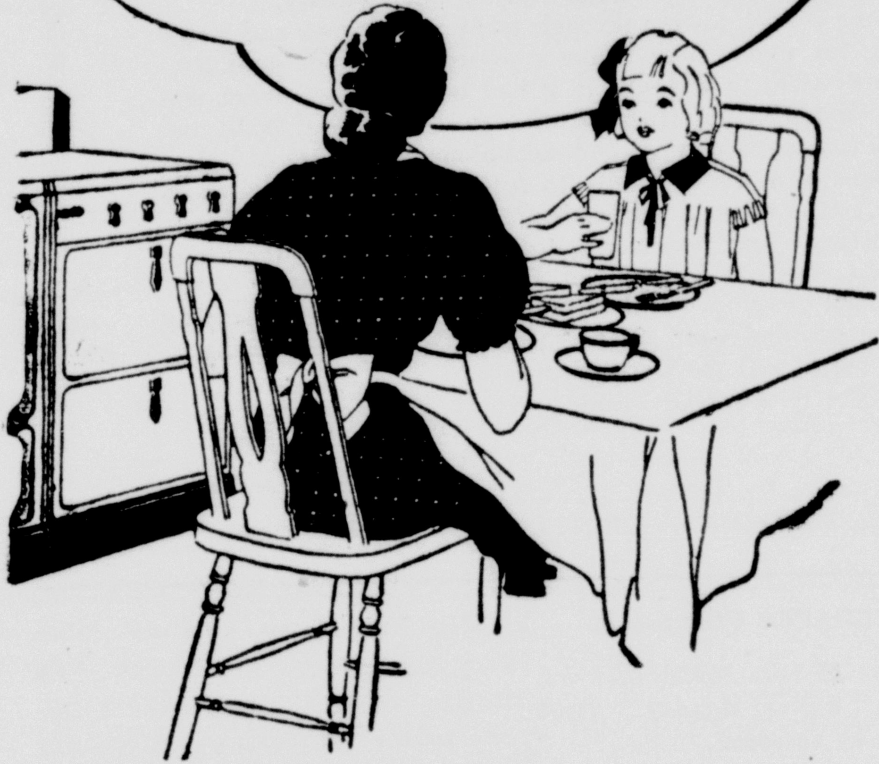

Bees have a keen sense of selecting the choices of sweets for the queen's menu. The workers are content with coarser stuff.

A queen has a corps of servants as extensive as a dowager.

A queen's daily egg production is bigger in size than the queen herself.

Modern Gas Cookery

RETAINS HEALTHFUL VITAMINS
AND MINERAL OILS

Vigorous boiling in lots of water destroys the valuable vitamin and mineral content of fresh vegetables. The thoughtful woman wants to retain these health-giving elements. The controlled boiling heat which the modern gas range provides does not rapidly evaporate water when boiling vegetables. Mothers can serve more healthful food by following this simple method of modern gas cookery.

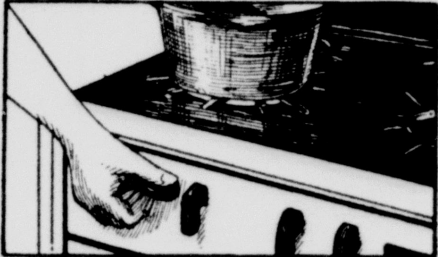

1.

Cooking vegetables the semi-waterless way on modern gas range requires no special type of utensil.

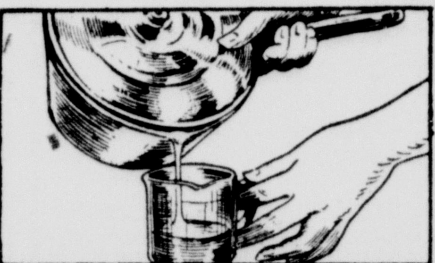

2.

Place vegetables in pan and cover with about one-half inch water.

3.

Place covered pan over simmer burner. Turn to fast heat. When boiling starts turn burner to simmering heat which maintains a gentle boiling action retaining healthful vitamins.

4.

After cooking is completed nearly as much liquid remains as was originally put into vessel, and there is no loss of valuable mineral oils or vitamins.

5.

Gas simmer cookery is clean and labor saving. It means cooler cooking and a cleaner kitchen for there's little escaping steam rising from a covered pot of gently boiling vegetables.

WITH MRS. R. B. WIAR

The Woman's Missionary Auxiliary of the Methodist Church met Monday afternoon in the home of Mrs. R. B. Wiar at the Shell Pipe Line Station, with Mrs. Paul Cain and Mrs. Tom Teague as assistant hostesses.

Seventeen members were present to hear a program on "Working Together in Schools" led by Mrs. Otis Hopper, assisted by Mrs. Harry Gardner and Mrs. Clinton Barrow.

During the social hour two new members were presented, Mrs. Paul Fraser and Mrs. Earl Shurtleff. An ice course was served by the hostesses to those named above and also Miss Ella Temple, Mrs. Herman McBride, Mrs. J. E. Moody, Mrs. Turner Bynum, Mrs. Bill Rountree, Mrs. Ed Bailey, Mrs. Whitlock, Mrs. M. T. Hudson, Mrs. Raymond Jones and Mrs. Simkins.

The next meeting will be held at the Church next Monday, with Mrs. Raymond Jones leading the lesson from "A Stewardship Life."

VOTE FOR

GEO. H. SHEPPARD

For Re-Election to Office of
COMPTROLLER

CONGRESSMAN THOMAS L. BLANTON

From Dr. C. C. Coleman, then pastor of the First Baptist Church, of Abilene, but later of the First Baptist Church, of San Antonio, Texas:

Abilene, Texas, January 16, 1911.

JUDGE THOMAS L. BLANTON,
Abilene, Texas.

DEAR SIR AND BROTHER: I wish to say that your course on the bench has given me a world of fresh hope for our institutions. You have demonstrated that a fearless, patriotic judge can do wonders in spite of cumbersome precedents and methods of procedure and a prevailing laxity of public opinion. I have often thanked God that we have you on this bench. I have lived in sections of the State where the judge had a very different spirit from yours, and all who stood for law and order keenly felt the difference. Wishing you increasing influence and usefulness,

Heartily yours,

C. C. COLEMAN.

BAPTIST MAGAZINE

[From the Western Evangel, Abilene, Tex. Issue of Mar. 13, 1912]

MR. BLANTON, although the youngest district judge in Texas at present, has been in active practice of law for 15 years. His public record and private life are very commendable. It is in order to say that Judge BLANTON is a staunch prohibitionist, and is one of the wisest, most earnest, conscientious supporters of the cause. He is always on the right side of every moral question, he being a true Christian gentleman.

From the Family Publication at Dallas, Tex., August, 1912.

THE HOME AND STATE

JUDGE BLANTON, of Abilene, was triumphantly reelected district judge of that district. He has been one of the most faithful officials, administering the laws fairly and justly to all alike, and the people have again rewarded him for faithful service. When men like Judge BLANTON are on the bench the law and order of the community are in safe hands.

SPEAKERS OF HOUSE PRAISE BLANTON

In fighting congressional perquisites many years ago, Blanton had a tilt with Garner. Enemies have tried to make it appear that they were still unfriendly, when just the opposite is true. While he was Speaker, Garner frequently had Blanton preside for him over the House. The following shows the true situation:

THE SPEAKER'S ROOM,
HOUSE OF REPRESENTATIVES,
Washington, D. C., July 4, 1932.

MR. THOMAS L. BLANTON, JR.,
Albany, Texas.

MY DEAR MR. BLANTON: This will acknowledge yours of July 2, and I thank you for your good wishes and kind thoughts.

I note what you say in regard to your father, my good friend, the Honorable THOMAS L. BLANTON, with whom it has been my privilege to serve in Congress for many years.

As you know, your father is one of the best friends I have, and I consider him a very valuable Congressman. To take any action in the past concerning him, under very distressing conditions, would be unjust to him at the present time in view of the service he is now rendering.

With kindest regards and many thanks for your gracious letter, I am,

Yours very truly,

JOHN N. GARNER.

Congressman Thomas L. Blanton

FROM SPEAKER RAINEY

THE SPEAKER'S ROOMS,
HOUSE OF REPRESENTATIVES, UNITED STATES,
Washington, D. C., April 15, 1933.

HON. THOMAS L. BLANTON,
House of Representatives.

DEAR TOM: Congress has been running at a very high rate of speed. I am warned by the House physician that a number of members are overtaxing themselves.

I have been watching you and your work. You are overworking. You are rendering a splendid service. I know of no one who works harder than you. For the next few weeks there will not be so many important measures coming up, so I suggest that toward the end of the month you take a rest. I sincerely hope that you will accept this suggestion in the spirit in which it is intended.

Very truly yours,

HENRY T. RAINEY.

(Pol. Adv. Paid for by Bill Blanton)

FROM THE LATE SPEAKER BYRNS:

OFFICE OF THE MAJORITY LEADER,
HOUSE OF REPRESENTATIVES, UNITED STATES,
Washington, D. C., June 5, 1933.

HON. THOMAS L. BLANTON,
House of Representatives, Washington, D. C.

MY DEAR TOM: As we approach the close of the session, I do not wish to fail to express my deep appreciation for your kindness and valuable support.

In this connection, may I say that during all my long service I have never served with a Member who was more diligent in his effort to render real service to the people, not only of his district but of the entire Nation, and who watched appropriations and expenditures more closely than yourself. It will never be known just how much money you have saved to the people by your watchful care, your ability, as well as your close knowledge of parliamentary procedure and governmental affairs. It has enabled you to render a real and a great service.

With best wishes, I am, sincerely yours,

JO BYRNS.

FROM PRESENT SPEAKER BANKHEAD:

Jasper, Ala., August 17, 1932.

HON. THOMAS L. BLANTON,
Abilene, Texas.

MY DEAR FRIEND: I have been extremely solicitous about the result of your primary and now that I have received definite information of your renomination I write to express my warm congratulations to you upon your victory. I felt assured all the time that the people of your district would not displace you at this important period in our legislative affairs.

With cordial regards and best wishes, I am,
Your friend,

W. B. BANKHEAD.

HOUSE OF REPRESENTATIVES, UNITED STATES,
Washington, D. C., June 3, 1926.

REV. MILLARD A. JENKINS,
Pastor First Baptist Church, Abilene, Texas.

MY DEAR JENKINS: Knowing your natural admiration for spunky loyalty to the things that are highest and best, I feel like I must congratulate you in particular, and the people of your congressional district in general, on the superb and heroic work which has been done, and is now being done, by your hard-working, plucky, and able Congressman, Judge THOMAS L. BLANTON.

BLANTON has grown marvelously. His poise, his amazing industry, and his utter abandon to his concept of public duty have become more and more the inspiration of every Member of Congress who believes in the triumph of personal and national honesty.

He has done a work lasting through many weary days and weeks and months, for which some lawyers would have been paid anywhere from \$10,000 to \$50,000, if it had been handled from that standpoint. But with unselfish devotion to the cause of truth and humanity he has exposed fraud and championed the cause of unfortunate veterans in a way not only to force remedial legislation in Washington, but to act as a wholesale deterrent against evil officials all over America. And your city and district, and indeed the whole State of Texas, ought to be proud of THOMAS L. BLANTON.

My warmest greetings to all of my Abilene friends, and praying God to make you and your great church an increasing blessing to Abilene, to Texas, and the world, I am,

Cordially yours,

WM. D. UPSHAW.

MRS. J. B. SLACK DIED

Mrs. J. B. Slack of the Hitson community, died at her home on Thursday of last week, after a long illness.

She is survived by a husband, one child, by a previous marriage, and three step-children, and one daughter, Frances Slack. They had lived in the Hitson community for two years.

Funeral services were held at the Hitson Church on Friday, in charge of Rev. Byrd. The Maples Funeral Home placed the body to rest in the Hitson Cemetery.

Mr. Slack and his family are truly thankful to all who were so kind to them during the illness and at the time of death and burial of Mrs. Slack.

ERNEST O. THOMPSON

FOR

Railroad Commissioner PROTECT THE FUTURE Of Texas School Children

THE men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public lands to free Public Schools.

These lands had but little value and brought but little income until discovery of oil and gas made them extremely valuable.

School funds receive the income. The Common School Permanent Fund now is \$6,466,703.71 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil dropped to 10 and 15 cents a barrel.

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$1,569,266.22.

Then the Railroad Commission of Texas, under the able leadership of Ernest O. Thompson, chairman, enforced the present legislative policy of conservation.

Immediately, the price of oil went to \$1.00 a barrel.

In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School Funds rose to \$3,797,562.27. This was a clear dividend to the school children of Texas of \$2,228,296.05 per year over the chaotic period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN!

OWEN THOMAS

CANDIDATE FOR

District Judge

104th Judicial District

—Jones, Fisher,
Taylor Counties—

To The Voters
of the District:

As a candidate for District Judge, I have thought it advisable to spend most of my time during the campaign in the Counties of the District where I am not as well acquainted as in my home County of Jones. In as much as it has been impossible for me to see all of the voters, personally, I request that you accept this as my personal solicitation of your support.

I am grateful to the people of Jones County for favors shown me, and the confidence reposed in me, in the past, and I endeavored to show my gratitude by honest, faithful and efficient service in the public offices to which I have been elected. In this connection it will be recalled that I served two terms as District Clerk and three terms as County Judge of Jones County, from which latter office I voluntarily retired in January, 1931. For more than eight years I have been actively engaged in the law practice. Most of you are familiar with my record as a public officer, a lawyer, and as a private citizen. On this record, I seek promotion to the District Judgeship.

My opponent, Judge Chapman, has been District Judge in the 39th and 104th Judicial Districts for 15 years. I submit that a change would be right, Democratic and proper.

I respectfully solicit your vote and support.

(Political Adv.)

OWEN THOMAS.

OTIS MILLER

TO THE Voters OF JONES CO.

Having lived in Jones County and in Stamford and Anson for the past 29 years, and having had the privilege of serving you for the past six years as your county attorney and county judge and for the last year and a half as your Dis-

trict Attorney, I have taken the liberty to spend most of my time during this campaign in Taylor and Fisher Counties where I am not so well known. Too, I have had a term of court to go through and two sessions of Grand Jury work to carry on since the campaign started, so that I have not had any too much time to meet the voters in this campaign. I am taking this last opportunity to say to my friends in Jones county that I will appreciate your support on July 25th, next Saturday, in my race for a second term as District Attorney. There are approximately 18,000 voters in Taylor, Jones and Fisher counties. Over 9,000 of these votes are in Taylor county, so you can readily see how necessary it has been for me to spend most of my time in Abilene and Taylor County during the campaign.

I have tried 213 cases since I have been your District Attorney. Of this number I have lost 15 cases and won 198 cases.

Of the 198 cases won a large number of them have been pleas of guilty. A plea of guilty represents hard work on the part of the District Attorney and the peace officers in gathering evidence and convincing a criminal that he cannot beat his case before a jury. It also represents a great saving in taxes to the taxpayer. The large number of pleas of guilty I have secured represents a saving in taxes of thousands of dollars to the taxpayers of Taylor, Jones and Fisher Counties. No plea of guilty I have taken has been for less than two years. I have taken pleas of guilty for ten years and for any term of years up to life imprisonment. One defendant indicted as an habitual criminal plead guilty and accepted life imprisonment in the penitentiary. No man pleads guilty to any charge until the District Attorney can convince him that he can convict him. No District Attorney can so convince a criminal until he has spent hours and in many cases days on the case gathering the facts and the evidence.

I have cleaned up three criminal dockets in the district by dismissing all the old and worthless cases. We now have three live criminal dockets. Some cases, dismissed, dated back nine years, and in such cases no arrest had ever been made. In five cases, dismissed, the defendants had died since being indicted. In two cases, dismissed, the defendants were inmates of the insane asylum. Thirty cases were ordered dismissed by the court of Criminal Appeals at Austin. These were liquor cases outlawed by the change in law making liquor law violations misdemeanor instead of felony cases. About fifty cases, dismissed, were old cases mentioned above where indictments had been returned, eight and nine years ago, and no arrest had ever been made or ever would be made. About 20 cases, dismissed, were against defendants now serving terms in the penitentiary in cases already tried. Most of the indictments dismissed were returned by former district attorneys. No arrests had been made and the cases should have been dismissed four or five years ago.

I HAVE

enforced the law without fear or favor. I have tempered justice with mercy where mercy was due. I have sought to create a wholesome respect for and obedience to the law. Next to the Church there is nothing more sacred or important than respect for and obedience to the law. Our lives, our liberties and our properties are safe only as the law is respected and enforced. If you honor me with a second term I promise to hold sacred the trust of public office and to do all in my power to maintain order and obedience to the law. The people are entitled to communities where life, liberty and property are safe. I pledge you my best efforts to make and keep that kind of communities in Taylor, Jones and Fisher Counties if you honor me with a second term.

Sincerely yours,

OTIS MILLER.

LINDSEY SEEKS RE-ELECTION ON SERVICE RENDERED

J. F. Lindsey, present Representative, solicits your vote and influence on his record, experience and qualifications. Governmental expenses were reduced in 1936, thirteen million dollars. The State tax rate for 1936 is reduced from 7 1/2 to 6 1/2; the available school fund has a surplus of some three million dollars at the present time and the apportionment to the public schools for the current year was \$18.50. He had a part in this beneficial legislation.

He believes that the old age pension can be paid without very little additional taxes, except where absolutely necessary.

He respectfully asks to be returned to the Legislature and will continue to represent the people's interest as heretofore, believing that it is best to represent the best interest of Texas' citizenship than just a favored few.

Vote FOR Thomas E. Hayden Jr.

For

District Attorney
of 104th
Judicial District

THOMAS E. HAYDEN

In making the race for District Attorney of the 104th Judicial District, composed of Fisher, Jones and Taylor Counties, I had not made an issue on the record of my opponent until he placed before the voters partial figures concerning his record. Therefore, I am forced to give the following facts concerning his record as a whole, only portions of which were stressed by him.

My opponent claims that there are now fewer untried cases pending than ever before; whereas, the court records show that when he took office there were 19 cases pending in this District and now there are 35 cases pending in this District. Therefore, there are 16 more cases pending today in this District than when my opponent took office.

My opponent further states that he has lost 15 cases. The Court Records show that there have been 3 acquitted in Fisher County, 9 in Jones County, and 6 in Taylor County, making a total of 18 acquittals, and 3 indictments quashed, thereby making a total of 21 tried cases that have been lost. There have been 106 cases dismissed in this District, which must be counted as lost, as far as the State is concerned. This makes a total of 127 cases lost for the State since my opponent has been in office.

My opponent further claims that he has tried 213 cases. The records show that there have been only 43 cases of pleas of not guilty in the entire District, the balance being pleas of guilty. Surely my opponent is not counting cases of pleas of guilty as tried cases, if so, he should certainly count every dismissed case as lost.

Out of the 213 cases referred to as tried by my opponent, 18 have been acquitted, 3 indictments quashed, 7 appealed, and 58 given suspended sentences, making a total of 86 that have received little or no punishment. These added to the 106 dismissed, make 192 that received little or no punishment since my opponent has been in office.

Out of the 43 cases of pleas of not guilty, 18 have been acquitted, 4 given suspended sentences, and 7 appealed, leaving only 14 punished out of the 43 tried cases on pleas of not guilty.

In my office are statements from the Clerks of the three counties comprising the 104th Judicial District, which verify the correctness of the above statistics. These are available for your inspection and can also be verified by the court records.

If elected I shall never persecute anyone, but will prosecute those cases warranted by the evidence, and shall endeavor to be courteous and considerate of the rights of all parties before the court, and will so conduct myself as to impel public confidence. Your vote and influence will be appreciated.

Sincerely,

THOMAS E. HAYDEN, Jr.

—SEEING WHAT'S TO SEE
—HEARING WHAT'S TO HEAR

We note that the Stamford Cowboys are not going to Dallas as was planned. Evidently it was found an expensive experiment to take so many men and equipment so far. Then there is another angle—The Centennial holds so many rare attractions, so different to the "Rodeo" that nobody wants to miss anything while seeing. The rodeo is a common community "bucking affair," and can be seen all during the second century of Texas' life.

LISTEN! It is interesting to listen this week, on the streets, to the ideas of "Government." Every fellow has his idea of what should be done or what should not have been done. There are not two men in Jones County who will agree on any one subject. One will say, "we got too many laws," another will say "a law ought to be passed" on this or that. They are like a bunch of fellows in a "mirror dungeon," or something like that. They think "there is a way out," and about that time they bump up against a wall that can not be passed. Heard a bunch of fellows talking about "soil conservation." One said he had made a good crop of oats and has now planted a billion peas and will get \$4.00 per acre to plow 'em under. Another says so and so has planted 2,400 acres of wheat stubble in peas and will get \$4.00 per acre for plowing 'em under. Another fellow says he and a hundred other fellows were called to appear at court and after days of loss the judge came in from a wolf hunt and dismissed the case or put it off. Everybody is finding something wrong with everything and everybody else. One fellow does not believe in any kind of taxes—another thinks the property tax is all we should have, and another says the sales tax is the thing. Another says let the fellows who vote the bonds pay 'em off. Rabble! Rabble! We admit there is plenty room for improvement, but who is silly enough to knock out the corner props and let the whole thing fall with a crash. Our greatest trouble is in popping off on one angle and not realizing there are "other mirrors to run into." It does not make a whit's difference who is governor, who is senator, who is representative. Another election year comes around, the fellow who wants to get the "in" out, can find plenty to ramp on him about. To be fair in criticising what so and so did or did not do, one should know the full circumstances of the transaction, then solve the reason and the results.

MR. ALLRED is getting a raw deal from several angles. One man took him to task for making so many appointments for now everyone whom he appointed is working for his re-election. A man who talks that way is not fit to be an officer of any kind. A man is an ingrate to receive an appointment from a governor and then turn against him or be cold and useless. If a governor makes an appointment he does it under the law. The greatest criticism on our present

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." ... If Cardui does not help YOU, consult a physician.

governor is that he has not done this or that for the aid of old people. Mr. Allred has done more for the aid of the aged than any other man in Texas. The present law on aged assistance, does not suit anybody, not even a legislator, much less the governor, and when the next legislature meets, many wholesome changes will be made. It is true that an official can act so pernicious that he should be replaced. But the man taking his place will more than likely make mistakes on some other line just as bad. When you hear a candidate say this is going to be done and that shall not be done—remember he is just one in government. Every bit of legislation is a compromise, to kindly fit the general crowd. The legislative body is not satisfied and neither are the people, but we all struggle along some how, just the same. It is a foolish fellow or an anarchist who would stop all kinds of law and order, yet from this way some talk that is what we would do. When a public thing gets to hurting bad enough old man Public will take a hand and stop it. Old man Public may make a mess of things, but, child-like, they learn after a burn.

LITTLE LIGHTS ON LIVING

By MARIA LEONARD
Dean of Women, University of Illinois

THE MASTER TOUCH

THE chemist estimates the material worth of man about 98 cents—possibly as low as 68 cents since the depression. Some one has said man has enough iron in him to make a few nails, lead enough for a few pencil points and calcium perhaps to white-wash a fence. Man who has flown higher than the clouds, sailed under the sea and called light from Arcturus to light the Century of Progress is worth in material inventory but 98 cents!

It is said the English artist Turner when showing a lady visitor through his studio, paused before one of his inimitable seascapes, which he had recently finished, to catch her first words of praise. He was surprised to have her ask indifferently: "How much is that one worth?" "A thousand dollars," he said. "What a thousand dollars for just paint and canvas?" she exclaimed. "If you wish just paint and canvas, madame," Turner responded, "I can sell them to you much cheaper than that by the tube and foot from my supply room." What made the difference in price between paint and picture? Just one thing; the artist had put his soul into the sunset reflection on the sea! The supply room paint had not as yet received the master touch.

When man grows to his full stature in culture and character he reflects God, his maker, and when this happens, he, too, becomes, as did the artist's picture reflecting its creator—a matchless creation, beyond price. Man has received the master touch in all creation but oftentimes he fails to measure up to it. Instead of being worth even 98 cents he becomes a heavy liability to society, for it costs the government somewhere near \$300 to keep a criminal in jail one year, and only \$150, half the sum, to keep a boy in school one year.

Not long ago I read of a judge who was asked to dedicate a new Y. M. C. A. building, costing around \$1,000,000. While speaking he said, "If this building is instrumental in saving the character of one boy it will justify the expense." This statement was questioned by one of the judge's friends the next day as being too extravagant. "Not so," responded the judge, "if that boy were yours or mine!"

Like the artist's canvas, the undeveloped years of childhood need the Master Touch in training for culture and character, as each young life is worth not 98 cents but a million to the individual, the home and the country. This should be given by parents before the age of six if fairness be done to the child.

SAFETY, PLEASURE WHILE DRIVING

The safety and pleasure of any motorist's vacation trip can be increased many fold by the observation of a few simple rules according to Ab Jenkins, known as the world's safest driver. Jenkins, who holds more speed records than any other man in sports, has driven more than one million miles on all kinds of roads in every state in the Union, without an accident.

Besides the well known and fairly well recognized rules about observing stop signs, not trying to beat traffic lights, not passing another car on a turn or a hill, Jenkins has the following advice to give on features of driving little thought about by the average motorist:

1. Read the road; that is, observe cars far ahead and those directly behind because only in this way can you decide whether passing is safe. The car behind can do you a lot of damage and observing only the next car ahead is no insurance of safety.
2. Don't drive in a slouched position. Keep both hands on the wheel. Hands and arms should always be in a position to take care of the ever impending emergency.
3. When making a turn use only one hand to apply pressure on the wheel, allowing it to slide through the other hand. This places you in a position to put full strength into a quick turn in the opposite direction should emergency demand it.
4. Never run a car faster than you can drive it. If you are at all nervous you are driving too fast.
5. Never use the brakes in a skid on slippery roads. The best method

is to disengage the clutch, which will permit the rear wheels to roll free and follow the front wheels straight ahead. Then apply clutch gradually. Jenkins places tire equipment as the first and most important consideration for safe driving. He states that every driver should be compelled to have good tires on his car.

WHAT TO DO

When "things look blue," read Isaiah, chapter 40.
When tempted to do wrong, read the 19th Psalm.
If you are facing a crisis, read the 46th Psalm.
When you are discouraged, think over Psalm 23.
If you are "bored," read Psalms 103 and 104, or Job, chapters 38-40.
When business is poor, read Psalm 37.
When you are lonely or fearful, read over Psalm 27.
When you are anxious for dear ones, read the 107th Psalm.
When you plan your budget, read St. Luke's Gospel, chapter 19.
To live successfully with your fellow-men, follow Romans, chapter 12.
If you are sick or in pain, read Psalm 91.
When you leave home for labor or travel, carry Psalm 121 with you.
When you are very weary, seek St. Matthew 11:28-30, Romans 8:31-39.
When everything seems to be going from bad to worse, try II Timothy 3.
The best investment is described in St. Matthew's Gospel, chapter 6.
Does God figure in our national life? Read Deuteronomy 8.
When your friends seem to go back on you, hold fast to I Corinthians 13.
For an inward peace, consider the

14th chapter of St. John's Gospel. Have you been placed in a position of greater responsibility? Read Joshua, chapter 1.

If you have been bereaved, there is a message for you in I Corinthians 15, and Revelation 21.

For a stirring record of what trusting God can do, turn to the 11th chapter of Hebrews.

If you are satisfied with being "well-to-do," read chapters 15 and 16 of St. Luke's Gospel.

If you have experienced severe losses, read the last paragraphs of chapter 3 of Romans.

If you are having to put up a stiff fight, there is a fine equipment listed at the end of Ephesians.

When you have sinned, read I John 1, St. John 3:1-21, Isaiah 53, and make Psalm 51 your prayer.

The way of prayer—I Kings 8; Psalms 42, 51; St. Luke's Gospel chapters 11:1-13; 18:1-14; St. John's Gospel, chapter 17; Ephesians, 3.

If you have a fear of death, read St. John, chapters 11, 17, and 20; II Corinthians, chapters 4, 5; Romans, chapter 8; Revelation, chapters 7, 21 and 22.

Over the summer kitchens are a thing of the past with "Miracle Cookery." Thick insulation keeps heat in the oven, where it belongs. In surface cookery, Hotpoint Calrod coils concentrate all heat on the utensil and do not waste it into the air of the kitchen. With electricity on the wall, immediate cleanliness is possible. Even the bottoms of pans do not become scorched.

Keeping up all day away from home—on arriving just before dinner time to find the meal perfectly cooked, ready for serving. In the morning you can make the food ready for cooking, put it in the oven, set the temperature control, set the "Chef's Brain" (automatic timer) for the time it is to begin cooking and the time it should be finished—and then forget it until dinner is to be served.

See the new Hotpoint Electric Ranges today.

HOTPOINT CALROD

What Mazda means to light, Calrod means to cookery. Calrod is the name given to Hotpoint's hi-speed sealed-in metal cooking coil which is a revolutionized electric cookery. It brings new speed, new cleanliness and new economy to the kitchen.

FOLLOW the lead of big tire users who buy only on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28% cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

MISS RUBY WHITE AND

E. R. RICHARDSON MARRIED

IN SIPE SPRINGS

The friends of Miss Ruby White and Mr. E. R. Richardson were surprised last week when they announced their marriage which took place Saturday, July 4, in Sipe Springs. The ceremony was said by Mr. Richardson's grand father, Judge Brown, of Sipe Springs.

Mr. and Mrs. Richardson left Saturday for a wedding trip to Carlsbad Cavern and later visited in Gorman and Sipe Springs. They are now at home in the White residence in West Hamlin.

Mrs. Richardson is a daughter of the late Mr. and Mrs. Dave White of this city. She graduated from the Hamlin High School and attended Texas State College for Women in Denton. For the past six years she has taught in the primary department of the Hamlin Schools.

Mr. Richardson is formerly of Sipe Springs but has made his home in Hamlin for two years, where he is an employee of the General Crude Oil Company.
